

Samtec

Environmental Policy Statement

As the service leader in the connector industry providing High Speed High Density Electronic and Electrical Connectors and Interconnects, Samtec is **committed** to conducting its business in a manner that will preserve and protect the environment.

This commitment includes:

Complying with environmental laws and other requirements

Promoting the prevention of pollution

Conserving natural resources

Recycling materials

Reducing waste

Samtec's commitment also includes the setting, reviewing and meeting of environmental objectives and targets. These will be designed to ensure a safe and secure environment for its customers, associates and the community through an Environmental Management System (EMS) that is **continually improving**.
