

Current Assessment Details

Assessment Standard: NIST SP 800-171 Revision 2

Assessment Type: CMMC Level 2 (C3PAO)

CMMC Unique Identifier (UID): L200001312

CMMC Status Type: Final Level 2 (C3PAO)

Score: 110

Assessment Date: 01/11/2026

Company Size: 7500

Assessing Scope: Enclave

Assessment Scope Description: On Premise (includes virtual infrastructure). 8 sites. The CUI Enclave is a self-contained environment, physically and logically, administered and supported by the Samtec IT team. The environment limits communications that only allow what is essential to maintain a secure and protected space for the storage and processing of CUI. To access the CUI Enclave, users install and access a client application installed on a device to access and launch a virtual desktop that is hosted from the environment.

CAGE(s) in Scope: 41QT8, 55322, 7GQU6

Initial Affirmation Expiration Date: 01/11/2027

Second Year Affirmation Expiration Date: 01/11/2028

CMMC Status Expiration Date: 01/10/2029
